# Roll a Pirate

- **HEAD**
- **BODY**
- **SCARF**
- **LEGS**
- **EYE PATCH**
- **BOOTS**

You need to cut out the pirate parts ready for play. Players then take turns rolling the die and picking the parts and placing them on the pirate. If you roll a 1 you can put a head on, a 2 gives the body etc. If you roll a number and you already have that part, you do nothing. Play then continues until the pirate is complete. Whoever finishes their pirate first wins!

# Pirates to Cut Out
