

Roll a Reindeer

		FACE
		MOUTH
		EYES
		NOSE
		EARS
		ANTLERS

You need to cut out the reindeer parts ready for play. Players then take turns rolling the die and picking the parts and placing them on the reindeer. If you roll a 1 you can put a face on, a 2 gives a mouth etc. If you roll a number and you already have that part you do nothing. Play then continues until the reindeer is complete. Whoever finishes their reindeer first wins!
