

Roll a Clown

FACE

HAIR

EYES

NOSE

EYEBROWS

HAT

You need to cut out the clown parts ready for play. Players then take turns rolling the die and picking the parts and placing them on the clown. If you roll a 1 you can put a face on, a 2 gives the hair etc. If you roll a number and you already have that part, you do nothing. Play then continues until the clown is complete. Whoever finishes their clown first wins!

Clowns to Cut Out
