

Roll a Leprechaun

		FACE
		BEARD
		EYES
		NOSE
		EYEBROWS
		HAT

You need to cut out the leprechaun parts ready for play. Players then take turns rolling the die and picking the parts and placing them on the leprechaun. If you roll a 1 you can put a face on, a 2 gives a beard etc. If you roll a number and you already have that part, you do nothing. Play then continues until the leprechaun is complete. Whoever finishes their leprechaun first wins!
