

Roll a Rabbit

		BODY
		RIGHT LEG
		LEFT LEG
		LEFT ARM
		RIGHT ARM
		HEAD

You need to cut out the rabbit parts ready for play. Players then take turns rolling the die and picking the parts and placing them on the rabbit. If you roll a 1 you can put a body on, a 2 gives a right leg etc. If you roll a number and you already have that part, you do nothing. Play then continues until the rabbit is complete. Whoever finishes their rabbit first wins!
