

HOW TO DRAW AN ANCIENT GREEK TEMPLE

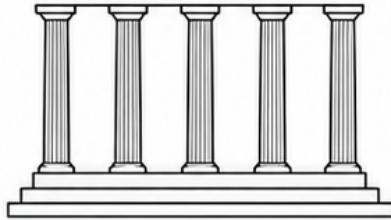

Follow the 6 easy steps to draw an Ancient Greek temple!

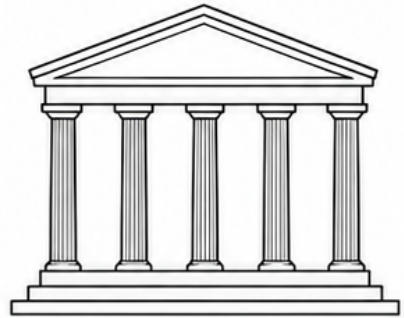

- 1** Draw the base with the steps.

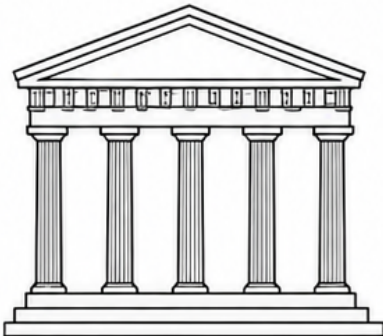

- 2** Add the columns. Ancient Greek temples had columns all around.

- 3** Draw the roof with a triangular pediment.

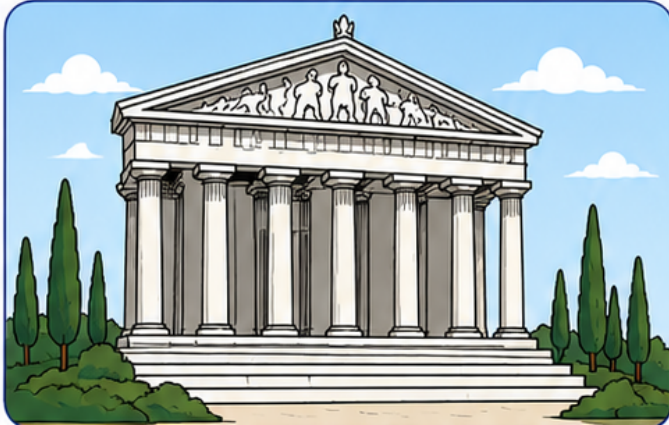

- 4** Add the entablature (details across the top).

- 5** Add details inside the pediment and the door at the back.

- 6** Add finishing details. Your Ancient Greek temple is complete!

DID YOU KNOW?

Ancient Greeks built temples to honour their gods.

The Parthenon in Athens was dedicated to the goddess Athena.

Temples were made mostly of marble and built to be strong and beautiful.

Many of them are still standing today!
