

How to Draw a Mummy

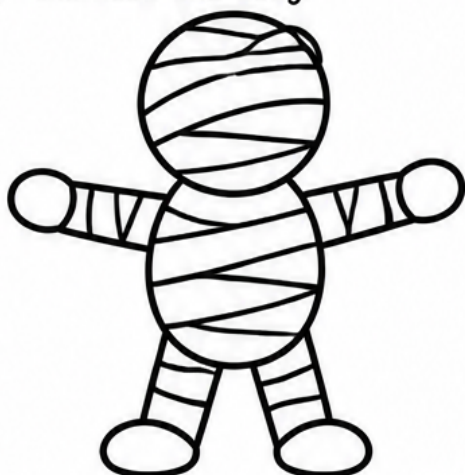

- 1** Draw a head and body using two ovals.

- 2** Add the arms and legs using simple tubes. Draw small ovals for the hands and feet.

- 3** Add the bandages around the head and body.

- 4** Add the eyes and more bandage details.

- 5** Make the lines a bit bolder and neater. Add some torn bandage ends.

- 6** Colour your mummy.
