My Autumn Leaf Poem

Look at the leaf and let it inspire you!
Write a poem about an autumn leaf.
You can choose what your poem is about.
It could be how it feels, where it has been,
what it sees or anything autumn related!

Ideas to include:

- What the leaf can see
- How it feels
- Where it has been
- The changing seasons
- What it hears
- What it does on a windy day
- The ground it lands on
- The colours around it
